

Caretta Federal is a woman- and veteran-owned professional services firm headquartered in a HUBZone Qualified Census Tract in La Mesa, California. Led by a PhD physicist and Navy veteran with 40 years across Navy and DoD programs, our team pairs senior technical depth with enterprise-grade program management, delivering dependable acquisition, program, technical, and administrative support to government clients and prime contractor teams.

CORE COMPETENCIES

- **Acquisition and contract support:** pre- and post-award administration, procurement package preparation, market research, acquisition planning documentation, closeout
- **Program and project management support:** program analysis, schedule and milestone tracking, stakeholder coordination, reporting, meeting and action-item management
- **Technical and engineering support:** PhD-level scientific and engineering SME services, test and evaluation support, technical analysis and documentation, and technical training development
- **Administrative and business process services:** executive support, records and correspondence management, data quality review, training and event coordination
- **Business development advisory:** capture support, capability briefings, partner and alliance program development, and federal market-entry consulting for small businesses

DIFFERENTIATORS

- **Triple-goal teaming partner:** one subcontractor supporting prime HUBZone, woman-owned, and veteran-owned subcontracting plan goals simultaneously, with a 10% HUBZone price evaluation preference on eligible work
- **PhD-level leadership fluent in Navy and DoD environments:** four decades supporting naval oceanographic and warfare-center missions, including NAVO (Stennis Space Center) and DoD Panama City Beach, from enlisted service through senior scientific roles with several of the nation's leading defense primes
- **Enterprise-grade capture discipline:** BD leadership that built a nationwide partner program to \$500M+ in annual volume
- **Bicoastal federal footprint:** San Diego headquarters with working roots in the Gulf Coast federal corridor (Stennis, Panama City, New Orleans District)

KEY PERSONNEL

Patricia Giardina, PhD — President & CEO. Physicist and U.S. Navy veteran with a 40-year engineering career in underwater acoustics and hydrography spanning enlisted service, government civilian support, and senior scientific roles with several of the nation's leading defense primes; deep program experience with NAVO and DoD Panama City Beach. Holds an active Top Secret clearance. Bills as Senior Scientist / SME.

Jodi Stiede — VP, Business Development. Fifteen years of enterprise sales and program leadership; built a nationwide partner program for a major U.S. bank subsidiary to \$500M+ in annual volume, managing partner organizations ranging from small business to enterprise scale. U.S. citizen, clearance-eligible. Bills as Project Manager / Senior Program Analyst.
